

"Initially, we designed the kitchen in our Classic Shaker style with handles. However, as the design evolved we ended up going with the Handle-less Shaker look as the client had specified wanting clean lines... The frame to ground plinth also adds to the contemporary look. The end result is a very light, airy and pared-down look."
Tim Higham, Designer and MD, Higham Furniture

Timeless fusion

This Higham Furniture Handle-less Shaker oak kitchen features hand-painted units in Little Greene French Grey with Silestone Blanco Zeus Extreme suede finish worktops. From £40,000. higham.co.uk

Combining classic and contemporary carefully can produce a hybrid kitchen that will stand the test of time
